
Associate Professor. Seok Kim

Yonsei University, South Korea

Seok Kim is an Associate Professor in the School of Mechanical Engineering at Yonsei University, Korea. Prior to joining Yonsei University in 2025, he served as a faculty member at Changwon National University, Korea. He received his B.S. and Ph.D. degrees in Mechanical Engineering from Yonsei University. He conducted postdoctoral research at the Korea Research Institute of Standards and Science (KRISS) from 2015 to 2016, and subsequently at the Department of Mechanical Engineering, Massachusetts Institute of Technology (MIT), from 2017 to 2020. His research interests focus on the design of multiscale cellular architectures and advanced and extreme manufacturing technologies, including 3D and 4D printing of functional materials for energy, environmental, and biological applications.
