Dr. Hyounghan Kwon

Korea Institute of Science and Technology,
South Korea

Biography

(1) Educations

- Ph.D. Electrical Engineering, California Institute of Technology, USA, 2016. 9 ~ 2021.6

- B.S. Electrical and Computer Engineering, Seoul National University, South Korea, 2016.8

(2) Employments

-Senior Research Scientist, Center for Quantum Technology, KIST, South Korea, 2022.9 ~ Current

- Postdoctoral Resarcher at Nanoscale and Quantum Photonics Lab, Stanford, USA

(with Prof. Jelena Vučković) (2021.7-2022.8)

(3) Research Interests

- Integrated Quantum Photonic Circuits / Quantum Nanophotonics
