Professor. Jian Zhu

Nankai University, China

Jian Zhu is a Professor in the School of Materials Science and Engineering at Nankai University. He received his Ph.D. degree in Chemical Engineering from the University of Michigan, Ann Arbor, in 2013, and subsequently pursued postdoctoral research in the Department of Materials Science and Engineering at Northwestern University. Joining the faculty of Nankai University in 2017, he has since worked on nanoelectronic materials, nanoadditive manufacturing, and nanocomposites. His scholarly contributions are evidenced by over 50 peer-reviewed publications in high-impact journals including Science Advances and Advanced Materials.
