Assist. Prof. Jinkwang Hwang

Graduate School of Energy Science,
Kyoto University, Japan

11/2019	**Ph.D.**, Graduate School of Energy Science, Energy Science, Kyoto University Advisor: Professor Rika Hagiwara
09/2017	**M.S.**, Graduate School of Energy Science, Energy Science, Kyoto University Advisor: Professor Rika Hagiwara
09/2015	**B.S.**, Department of Science, Chemistry, Nagoya University

12/2020-current	Assistant Professor, Graduate School of Energy Science, Kyoto University
08/2024-07/2025	JA Associate Professor, Department of Carbon Neutrality, Soonchunhyang University,
11/2019-11/2020	Research Fellow, JSPS Research Fellowship for Young Scientists PD
04/2019-11/2019	Research Fellow, JSPS Research Fellowship for Young Scientists DC
08/2016-10/2017	Research Assistant, Institute of Advanced Energy, Kyoto University

~68 SCI(E) Publications

His current research focuses on developing novel electrode materials and electrolytes for lithium and sodium secondary batteries, as well as investigating their electrochemical and physical properties.
