Professor. Jang-Ung Park
Yonsei University, South Korea

Jang-Ung Park achieved his Ph.D. from the University of Illinois at Urbana-Champaign (UIUC) in 2009. Following his doctoral studies, he served as a postdoctoral fellow at Harvard University from 2009 to 2010. He worked as an associate professor in the School of Materials Science and Engineering at UNIST from 2010 to 2018.

In 2018, he joined Yonsei University as a professor in the Department of Materials Science and Engineering, where he currently serves. He also holds a concurrent appointment as an adjunct professor in the Department of Neurosurgery, College of Medicine, Yonsei University. His current research is focused on wearable and biomedical electronics, bridging the gap between advanced materials engineering and medical applications.
